|                                                                         | Partial imputation                            |   |         |   |
|                                                                         | No imputation                                 |   |         |   |

<sup>1</sup> Continuous issuers should indicate that this is based on the number of units on issue at the date of the form

<sup>2</sup> "Gross distribution" is the total cash distribution plus the amount of imputation credits, per financial product, before the deduction of Resident Withholding Tax (RWT).

<sup>3</sup> "Gross taxable amount" is the gross distribution minus any excluded income.

<sup>4</sup> "Total cash distribution" is the cash distribution excluding imputation credits, per financial product, before the deduction of RWT. This should include any excluded amounts, where applicable to listed PIEs.

<sup>5</sup> The imputation credits plus the RWT amount is 33% of the gross taxable amount for the purposes of this form. If the distribution is fully imputed the imputation credits will be 28% of the gross taxable amount with remaining 5% being RWT. This does not constitute advice as to whether or not RWT needs to be withheld.
