

[Templeton Emerging Markets Investment Trust PLC \('TMIT'\)](#)

On behalf of TMIT, Franklin Templeton Investment Trust Management Limited reports the unaudited cum-income net asset value ('NAV') of TMIT as at

20 August 2025 was £2140.292m, representing a NAV of 218.37 pence per share.

The unaudited ex-income NAV of TMIT as at **20 August 2025** was £2112.893m, representing a NAV of 215.57 pence per share.

In accordance with the Association of Investment Companies recommendations, the cum-income NAV has been calculated based on the total value of underlying assets,

including accumulated or accrued income, and using bid price information relating to the underlying assets.

The ex-income NAV has been calculated based on the total value of underlying assets, excluding these income elements, and using bid price information relating to the underlying assets.

[Portfolio data for TMIT can be found on the website **www.TMIT.co.uk**](#).
